

# Friends of Brooker Creek Preserve

## Return the Preserve Work Days

The Return the Preserve Work Days focus on areas of the preserve where exotic invasive vegetation and unnatural overgrowth exist. Our goal is to help *return the preserve* to its natural condition and beauty.

Working with FOBCP leadership and Preserve staff, volunteers provide hands-on support in removing nuisance plants and creating a healthy environment for native wildlife.

Student volunteers pulling down overgrown grapevine.

Volunteers cutting vines into manageable pieces.

Volunteers removing invasive St. Augustine grass.

### 2020 Schedule

**January 25 (Starts at 9:00 am)**

**April 18 (Earth Day Work Day)**

**July 18**

**October 17**

Registered participants will meet in the parking lot at 7:45, start at 8:00, and work until 11:00. Please bring clippers, loppers, hand saws, gloves, hat, and sunscreen. Long sleeve shirts and long pants are recommended; **closed shoes are required**.

Water and snacks are provided. Lunch is offered to volunteers after the event.

**This event is capped at 30 volunteers.** Registration is required and must be completed 1 week prior to the event. In addition, the [Volunteer Form](#) must be completed and brought with you the day of the event.
