

Friends of Brooker Creek Preserve

Return the Preserve Work Days

The Return The Preserve Work Days focus on areas of the preserve where exotic invasive vegetation and unnatural overgrowth exists. It is our goal to help *return the preserve* to its natural beauty.

Working with FOBCP leadership and Preserve staff, volunteers provide the much needed hands-on support necessary to remove the “bad guys” and leave the “good guys”.

Student volunteers pulling down overgrown grapevine.

Volunteers cutting vines into manageable pieces.

Volunteers removing invasive St. Augustine grass.
